

Water for Good

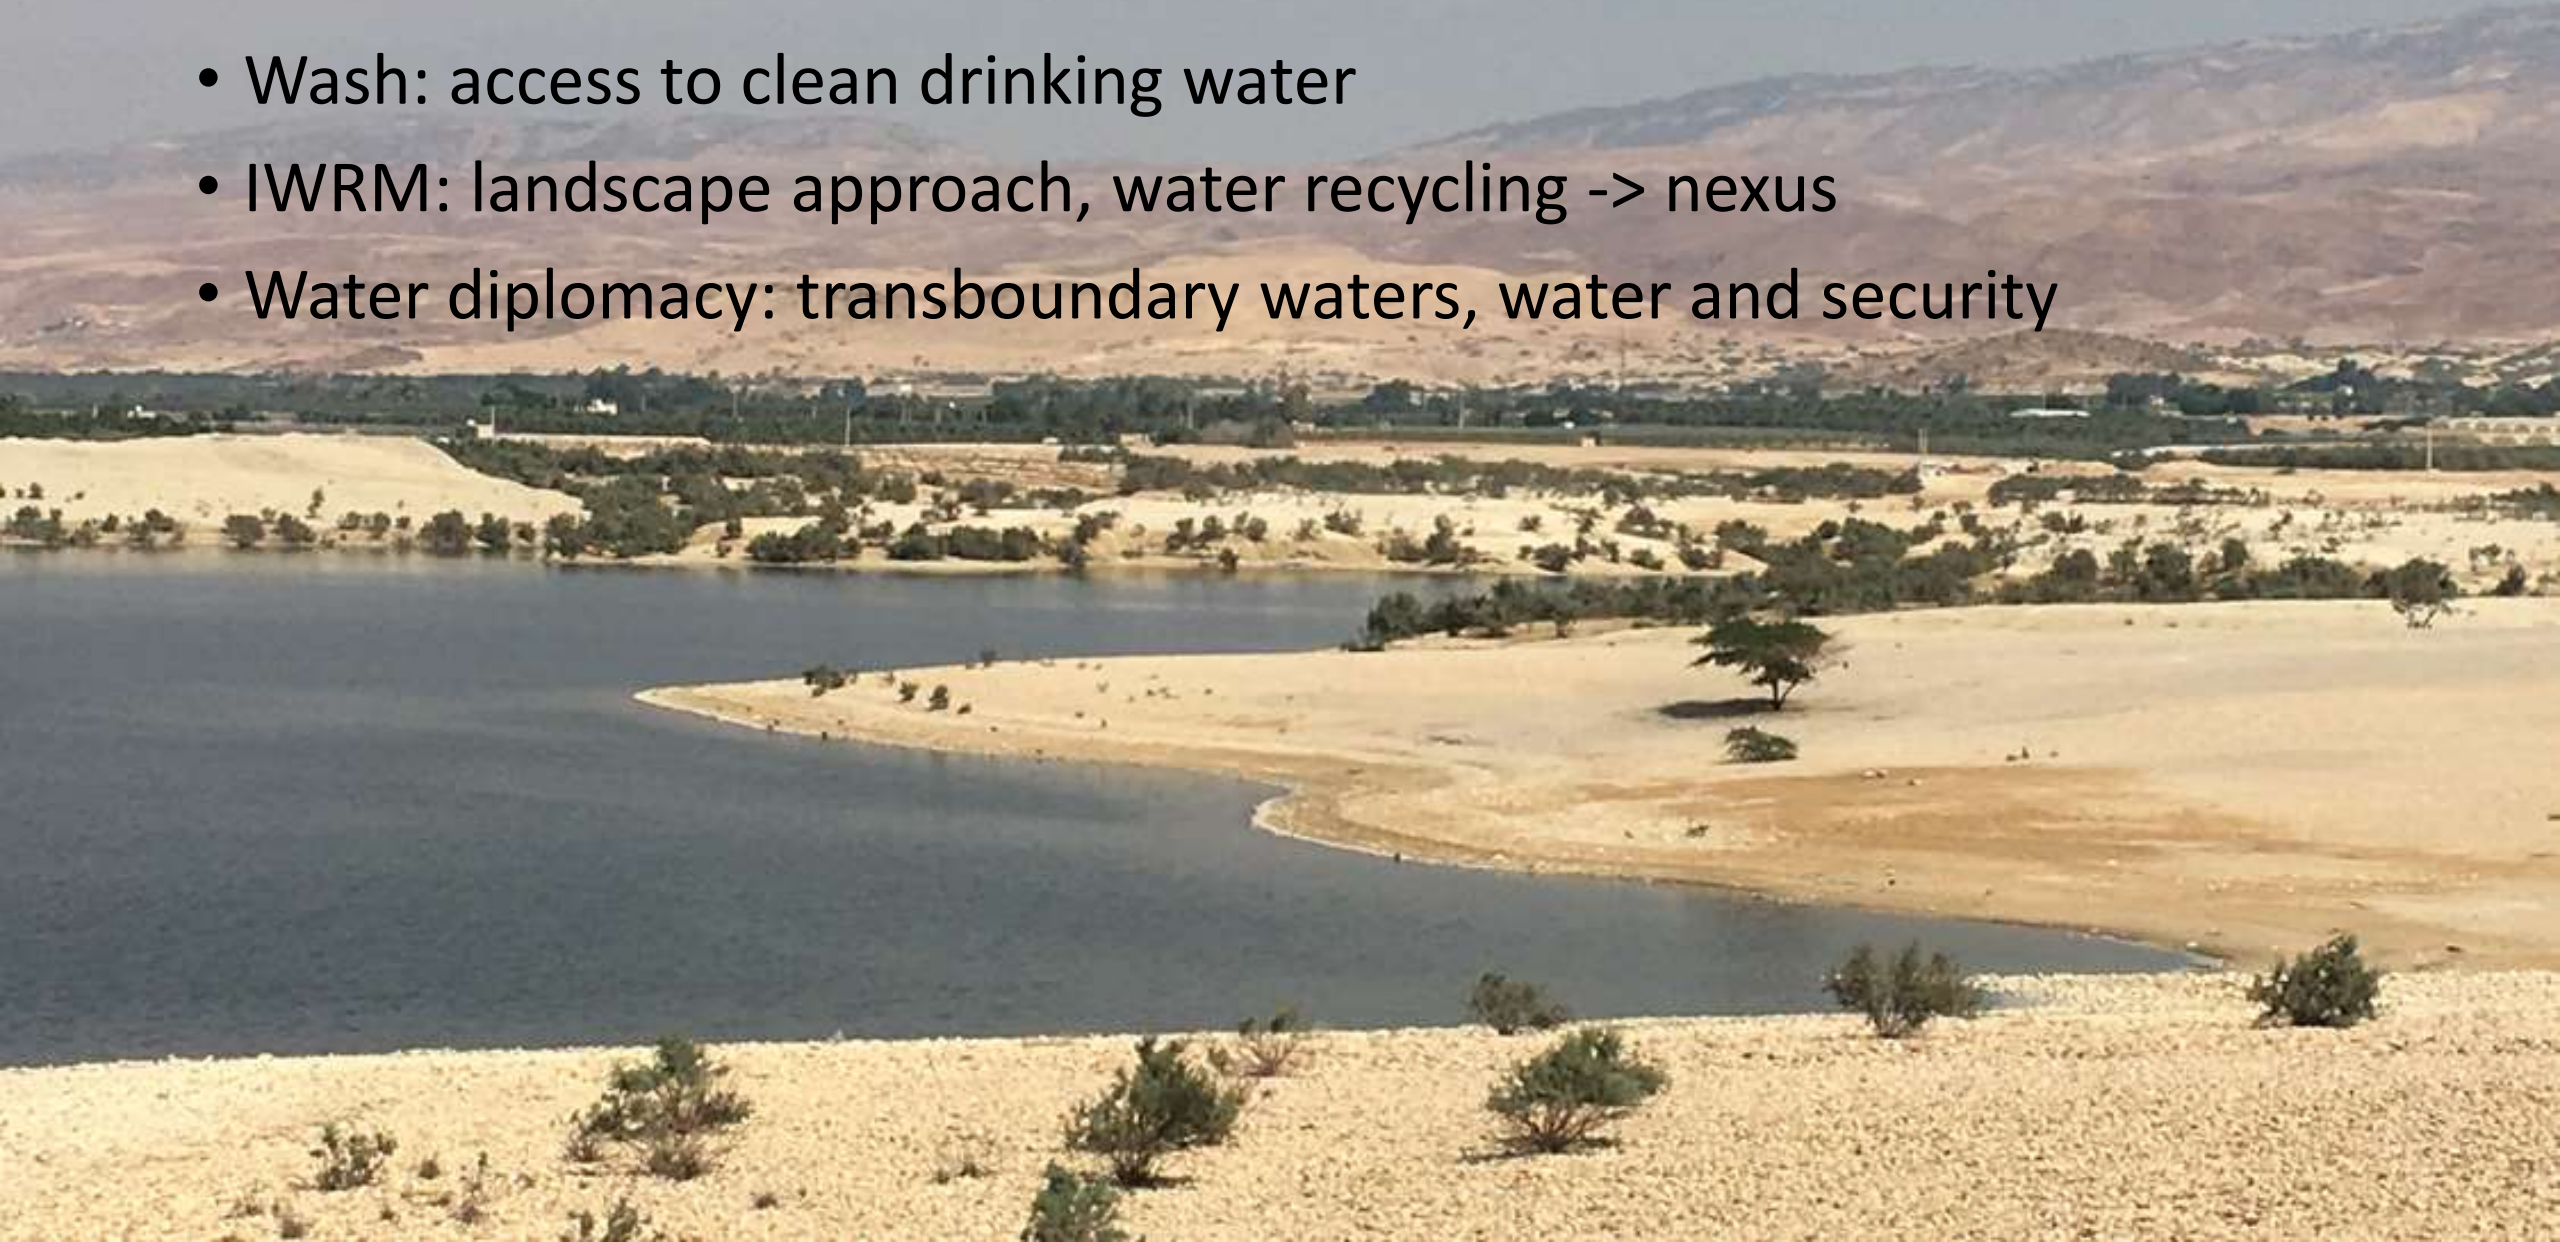

Dutch Water Policy in the Middle East and North Africa

Tessa Terpstra

Water in MENA

- Wash: access to clean drinking water
- IWRM: landscape approach, water recycling -> nexus
- Water diplomacy: transboundary waters, water and security

Water in MENA

- Support for government reform and show casing
- Partnerships for knowledge exchange and capacity building
- Support NL private sector

How?

- Tips for communication
- Warn for political sensitivities
- Avoid cutting corners
- Beware of corruption
- Opening doors

A woman with shoulder-length brown hair, wearing a dark blue jacket over a maroon top, is smiling warmly at the camera. She is standing outdoors in a garden-like setting. To her left is the trunk of a palm tree, which is covered in a dense, textured layer of dried, brown palm fronds. In the background, there are various green plants, including a large, bushy green shrub and a tree with small orange fruits. The sky is bright and slightly overcast.

Thank you!
